

# Lucas Levy

Hi, my name is Lucas Levy and I am running for General Representative. If I am elected, I would strive to add more gym equipment and partner with fitness organizations on campus to help all Bruins have a better workout experience. Furthermore, I want to amend our food policies to help off-campus Bruins have access to UCLA dining halls.

In high school, I served as class president all four years and was the president of ASB my senior year. Through these experiences, I was able to generate a passion for helping my peers make the most of their student life. My motivation to help my community also extended outside of school and in my time as the Student Representative on the Local Control Accountability Plan. I was able to represent the whole San Marino Unified School District in budget planning and goal setting. Now at UCLA, I am the only freshman Executive Assistant in the Office of the President, where I work with the UCLA administration to schedule meetings and further administrative initiatives. Overall, I want to make the UCLA student experience a better one for all. Vote Lucas Levy for General Representative this May!
